HARIOM VERMA

Varanasi, Uttar Pradesh, India | | hariomv.codes@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Final-year Computer Science undergraduate with hands-on experience in Java, Spring Boot, MySQL, and full-stack web development. Built backend-focused applications using Spring Boot, REST APIs, JDBC, and MySQL, with practical experience in CRUD operations, authentication, and file handling. Completed an industry-mentored web development internship and actively building projects that integrate Generative AI (Gemini API) with Spring Boot backends.

EDUCATION

Bachelor of Technology - Computer Science & Engineering *Expected May 2027*

*Saraswati Higher Education & Technical College of Engineering, Varanasi (Affiliated to AKTU, Lucknow)*CGPA: 7.29 / 10 (through 6th Semester)

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++, JavaScript
Backend: Spring Boot, Maven, JDBC, REST APIs
Frontend: HTML5, CSS3, JavaScript, DOM Manipulation
Database: MySQL
Machine Learning: Linear Regression, Pandas, NumPy, Scikit-learn
Core CS: Object-Oriented Programming, Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
Developer Tools: Git, GitHub, IntelliJ IDEA, VS Code

INTERNSHIP EXPERIENCE

IBM-NASSCOM PBEL 3.0 - Web Development Intern

- Built responsive, full-stack web applications as part of a project-based, industry-mentored learning program (see Weather Web App under Projects).
- Practiced real-world web development workflows including version control with Git/GitHub.

PROJECTS

Paid Media Locker

Java, Spring Boot, MySQL, React Native, REST APIs

- Developed a secure media-sharing platform where creators can upload premium content, manage media, and control user access through REST APIs and MySQL.
- Built the backend using Spring Boot with MySQL integration, implementing CRUD operations, file upload functionality, authentication, and RESTful APIs.

Quick Quiz - Online Quiz Platform

HTML, CSS, JavaScript, MySQL

- Developed a one-question-at-a-time quiz application with automatic score calculation and result generation.
- Designed a MySQL database to store quiz questions and track user scores.

Student Performance Prediction

Python, Flask, Linear Regression, HTML, CSS, JavaScript

- Built a machine learning web application that predicts student academic performance using a Linear Regression model.
- Implemented a Flask backend to serve predictions and display personalized strengths and improvement areas.

CERTIFICATIONS

- Spring Boot Certification - Scaler (REST APIs & Dependency Injection)
- Introduction to Java Spring Framework 101 - Great Learning Academy
- Introduction to Generative AI - Great Learning Academy
- Software Product Developer - Skill India Digital Hub & NASSCOM
- Introduction to SQL – Simplilearn | Skillup
- Exploratory Data Analysis - FutureSkills Prime (NASSCOM)
- Introduction to JavaScript II - Saylor Academy (Score: 91.67%)
